

Downloading GCSEPod to Apple Devices

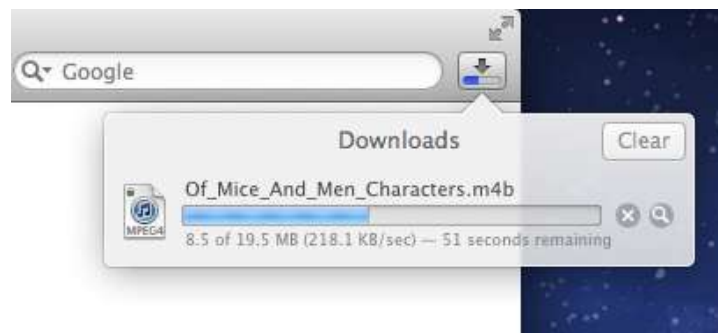

Important note: Each Apple device is paired to just one computer so make sure you are working on that computer before you complete the instructions below. Do NOT use a school computer.

- 1) Choose the podcast you wish to download and click:

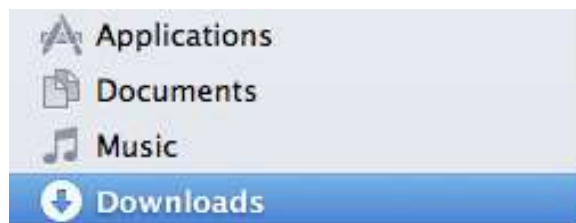

If you have an Apple Mac

1. A browser screen will open and you will be able to see your podcasts downloading:

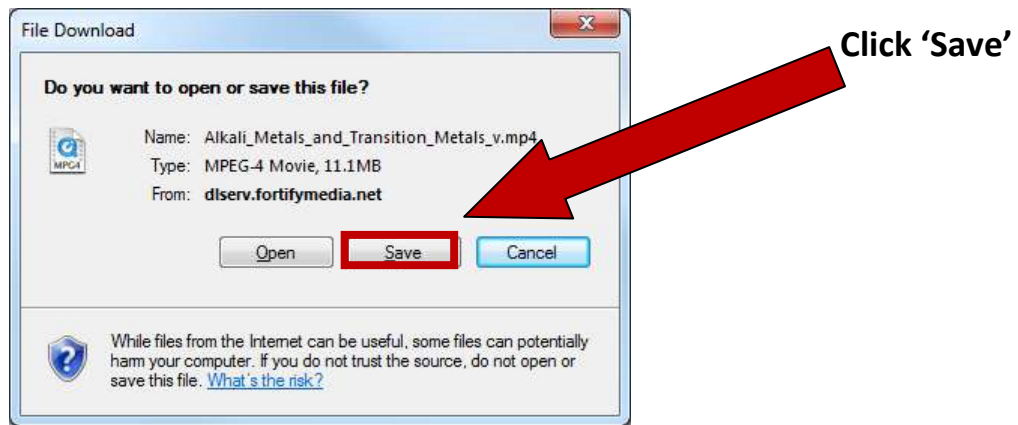

2. Once the podcast has finished downloading, go to the Finder and view 'Downloads'

3. Click on the podcast(s) and they will automatically save into the 'Books' section of iTunes

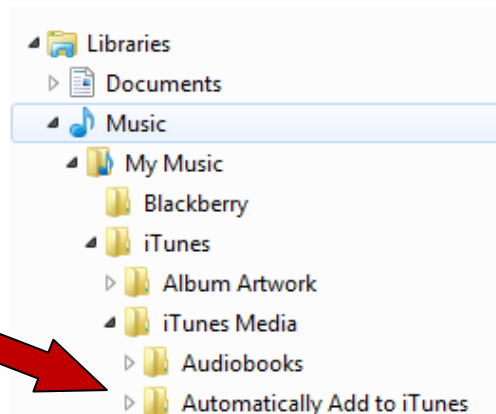

If you have a PC

1. A dialogue box will open. Click 'Save'

2. Save the GCSEPod podcast into My Documents\Music\iTunes\iTunes Media (or iTunes Music)\Automatically Add to iTunes

Save here

- 2) Connect your iPod to your computer with the supplied USB cable
- 3) Open iTunes and click on your named device from the list on the left
- 4) Click the 'Books' tab at the top of the screen, find your GCSEPod podcasts and ensure that they are checked (ticked) to be included when the device is synced
- 5) Click 'Apply' at the bottom right of your screen
- 6) Once your device has finished syncing you can disconnect it from your computer

You will now find the GCSEPod podcasts in 'Audiobooks' on your Apple device.
